

6 April 1962

Uncle telephoned today stating that Osyp VERHUN (OUN/M) defected to the Soveits about 4 weeks ago. This information just came to him in a letter from Munich today. On 2 April Verhun reportedly attended a conference in Berlin. In a radio broadcast from the East, Verhun reportedly made statements to the effect that Stashinsky is not a Soviet citizen but a former member of the UPA and the Kashuba SB and that if he did commit the murders of Rebet and Bandera, he did so with the blessings of Gehlen. Verhun named about 20 people who worked or still work with Gehlen and said that he obtained some of his information from Rostyslav YENDYK. The above information reportedly was repeated in Polish in a radio broadcast from Poland.
